Education

RIT \ BFA, New Media Design
AUG 2017 - MAY 2021

Dean's List: Fall 2017 - Present
Minor: Game Design
Immersion: Japanese

Experience

RIT FabLab \ 3D Printing Technician
AUG 2019 - PRESENT

Working to fix, run, and maintain a variety of FDM and SLA 3D printers, Laser Cutters, and CNC machines. Tasks include providing consulation to students about fabrication methods, running service desk tickets, and experimenting with new digital fabrication techniques first hand.

Two Bulls \ Creative Intern
MAY 2019 - AUGUST 2019

Created a UI and UX framework for a React.js evolutionary design system, and worked to create a series of illustrations and characters for a themed celebration of the team.

School of Design, RIT \ Research Assistant
JAN 2019 - MAY 2019

Worked to assist in the design and development of materials, a mobile application, and website to help people combat violence and extremism in their communities. Responsible for web design and development in Figma and Jekyll.

Skills

Visual	Interaction	Software	Languages
